

Lock Tao Secondary School

School-based self-directed learning scheme 2019-2020

Subject:	Chemistry
Form / Group:	Form 5
Materials delivery date :	6/3/2020
Learning content :	Topic 7 Fossil Fuels and Carbon Compounds: Unit 28 Addition polymers ◆ Plastic items in modern homes ◆ Plastics as useful materials. ◆ Introduction to polymers ◆ Addition polymerization ◆ Monomers, polymers and repeating unit
Assignment guideline(s) :	1. Please download the following materials from Google Classroom and study carefully: Notes: Topic 7 Fossil Fuels and Carbon Compounds_ Addition polymers Video: Polymerisation of Ethene PowerPoint: Unit 28 Addition polymers 2. Please complete notes and the assignment distributed on Google Classroom. Exercises : Introduction to addition polymers
Assignment due date :	9/3/2020
Medium of homework submission :	Method 1: Submit via Google Classroom. Method 2: Take photos of your hand-written answers and submit the photos via WhatsApp. Method 3: Take photos of your hand-written answers and submit the photos via E-mail. KKL e-mail : kk1@locktao.edu.hk
